

NONO CARING HEARTS FOUNDATION UGANDA LTD CORPORATE PARTNERSHIP BRIEF

"Nono Caring Hearts Foundation is looking for partners who want to build something practical with us."

1. WHO WE ARE

Nono Caring Hearts Foundation Uganda Ltd is a not-for-profit Company Limited by Guarantee, registered in Uganda.
Registration: 80020003717794
Incorporated: 8 July 2022
Location: Kirinya, Uganda

We are a social enterprise and economic empowerment organisation. We equip excluded women, girls and youth with market-relevant skills, real production experience and pathways to income.

Model: CARE -> SKILLS -> PRODUCTION -> INCOME -> DIGNITY -> COMMUNITY TRANSFORMATION

2. YOUR COMPANY CAN DO MORE THAN WRITE A CHEQUE

We do not position companies only as donors. Partners work with us as:

- Investors in opportunity
- Employers
- Market partners
- Technical partners
- Equipment partners
- Mentors
- Customers
- CSR partners

3. SEVEN PARTNERSHIP PATHWAYS

01 BUILD Co-fund construction of the Kirinya Skilling & Empowerment Centre, against a professional bill of quantities. The centre is not yet built; commitments fund planned works.

02 EQUIP Fund or donate equipment for production and training. New, refurbished or in kind, against a confirmed equipment schedule agreed before commitment.

03 SPONSOR Sponsor training places, or stipended apprenticeships where funding allows.
Honest note: Nono cannot currently provide stipends to every trainee. Support can help expand the number of trainees who can participate in paid practical production.

04 EMPLOY Offer placements, internships or employment opportunities to suitable graduates.
Honest note: we do not promise placement outcomes and do not guarantee that any graduate will be hired. Selection remains entirely yours.

05 BUY Become an institutional buyer of Nono products - soap, bakery, dairy and tailored goods produced in training. Volumes and terms are confirmed in writing.

06 MENTOR Provide technical or business mentorship for trainees, graduate enterprises and the Nono team.

07 CONNECT Provide market access, professional networks, technical expertise or strategic introductions.

4. WHAT A PARTNERSHIP CAN LOOK LIKE

- Adopt a cohort
- Equip a workshop
- Support a trainer
- Sponsor live production training
- Buy Nono products
- Support start-up kits
- Support the centre

No monetary values are attached to these examples. Costs are prepared per partner from the bill of quantities, the equipment schedule and the training budget, and confirmed in writing. Branded partnership proposals for individual companies are prepared on request.

5. WHAT WE CAN REPORT TO YOU

Recorded now:

- People trained (enrolment and attendance registers)
- Training completion
- Equipment delivered (records, photographs, installation location)
- Products produced (training production volumes)
- Graduates supported (form of start-up support)

With consent:

- Stories (first-person, only where the person has agreed)
- Photographic documentation (within safeguarding limits)

Per agreement:

- Financial reporting against the agreed budget
(no audited accounts are published yet)

Baseline being established:

- Enterprise outcomes (income and enterprise survival require follow-up systems still being built)

We will not promise metrics we cannot yet measure. Where a system does not exist, we say so, and we agree with you what will realistically be reported and when.

6. GOVERNANCE AND SAFEGUARDING

Nono is a not-for-profit Company Limited by Guarantee. Board information is to be published. A governance roadmap of 2026-2027 institutional strengthening priorities covers board terms of reference, finance, procurement and HR policies, safeguarding, child protection, independent annual audit and transparent financial reporting.

A formal safeguarding and child-protection framework is under development. We do not claim an operational safeguarding system.

7. NEXT STEP

"Let's find the piece of the work that makes sense for your organisation."

Request a partnership discussion through the corporate partnerships page on our website, and we will respond with a specific, costed proposal.

Be Someone's Reason to Smile.
